The 5 Candle Memorial

As we light these candles in honor of you, we light them for our grief, for our courage, for our memories, for our love, and for our hope.

The first candle represents our grief. The pain of losing you is intense. It reminds us of the depth of our love for you. While our grief will lessen over time, our love will remain strong.

The second candle represents our courage - to confront our sorrow, to comfort each other, and to change our lives.

The third candle is in your memory. The time we had to hold you, the times we cried, the times our family and friends came together to celebrate you and to support us, and the joy you gave us.

The fourth candle is the light of love. Day by day we cherish the special place in our hearts that will always be reserved for you. We thank you for the gift your living brought to each of us.

And the fifth candle is the light of hope. It reminds us of love and memories of you that are ours forever. May the glow of the flames be our source of hopefulness now and forever.

We love you.
