

The background is a soft pink watercolor wash. It is decorated with various pink and white watercolor elements: a large heart in the top left, several smaller hearts scattered throughout, and various pink flowers of different sizes and colors (some light pink, some darker pink) interspersed with the hearts. The overall aesthetic is gentle and commemorative.

ROWAN TREE FOUNDATION

The background of the page is a soft pink color, decorated with various watercolor-style illustrations. There are several large, light pink hearts and numerous pink flowers of different sizes and colors, including shades of pink, magenta, and white. The flowers have delicate, layered petals and some have visible green centers. The overall aesthetic is gentle and romantic.

Why We Say Your Name

As we gather together in honor of you, we share our grief, we step into our courage, we hold our memories, we share our love, and look forward with hope.

We say your name for our grief. The pain of losing you is intense. It reminds us of the depth of our love for you. While our grief will lessen over time, our love will remain strong.

We say your name to step into our courage – courage to confront our sorrow, courage to comfort each other, and the courage to change our lives.

We say your name to hold our memories. The time we had with you, the times we cried, the times our family and friends came together to celebrate you and to support us, and the joy you gave us.

We say your name to share our love. Day by day we cherish the special place in our hearts that will always be reserved for you. We thank you for the gift your living brought to each of us.

And we say your name with hope. Your name reminds us of love and of memories of you that are ours forever. May your name be our source of hopefulness now and forever. We love you.

The background of the entire image is a soft pink color, decorated with various watercolor-style illustrations. There are several large and small pink hearts scattered throughout. Interspersed among the hearts are pink flowers of different sizes and colors, including shades of light pink, magenta, and deep red. Some flowers have visible green centers. The overall aesthetic is gentle and affectionate.
